Safety Warnings

• Read all the instructions carefully before using the unit and keep them for future reference.
• Retain the manual. If you pass the unit onto a third party, make sure to include this manual.

Wireless Devices:
• Before boarding any aircraft or packing a wireless device in luggage that will be checked in, remove the batteries from the wireless device.
• Wireless devices can transmit radio frequency (RF) energy, whenever batteries are installed and the wireless device is turned on (If it has an On/Off switch).

Battery-Powered Devices:
• Improper use of batteries may result in battery fluid leakage, overheating, or explosion.
• Released battery fluid is corrosive and may be toxic. It can cause skin and eye burns, and is harmful if swallowed.
• Don’t disassemble the keyboard or remove any parts.
• Don’t immerse the keyboard in water or any liquid.
• Don’t use the keyboard close to heat sources or expose to high temperatures.
• Don’t use the keyboard where strong electromagnetic waves are present. Strong electromagnetic waves will cause damage to the keyboard.
• Keep the keyboard away from direct sunlight, moisture, dirt or abrasive chemical products (cleaning products etc).
Thank you

for purchasing your new Advent product. Advent devices and peripherals are designed to make computing easier, to make you more productive and creative. These operating instructions will help you set up and use your device properly and safely. We recommend that you spend some time reading this installation/instruction manual in order that you fully understand all the operational features it offers. Read all the safety instructions carefully before use and keep this installation/instruction manual for future reference.

Unpacking

Remove all items from the packaging. Retain the packaging. If you dispose of it please do so according to local regulations.

The following items are included:

- Wireless Keyboard
- USB Dongle
- 2 x AAA Batteries
- Instruction Manual
Product Overview

Front

1. Function keys
2. Battery indicator

Back

1. ON/OFF switch
2. Connection Button
3. Battery Compartment
Installing the Batteries

You will need to install 2 x AAA batteries before using the keyboard.

If the battery indicator starts to flash in red, the battery power is getting low. Replace both batteries at the same time.
Connecting the USB Receiver

1. Leave your computer on.
2. Plug the Dongle directly into your computer’s USB port.
3. The keyboard will automatically connect to the computer.

Activating the Keyboard

If the keyboard does not respond, do the following:

1. Remove the dongle.
2. Re-insert dongle into the USB port.
3. Press the Connection button at the bottom of keyboard.
### Function Keys

To access the primary functions, press the keys* as normal.

To access the secondary functions (different coloured text on the keys), press the **Fn** key and the desired key together.

</tr>
<tr>
<td>Fn+→</td>
<td>End</td>
</tr>
</tbody>
</table>

Num Lock Function Keys

To access number pad mode (highlight in a different colour on the keyboard), press the “Num Lock” once.
Hints and Tips

Keyboard Not Working:

1. Change both batteries at the same time.
2. Ensure your computer’s operating system supports wireless input devices (e.g., keyboard), and is the latest version.
3. Ensure your computer’s wireless feature is active.
4. Move the keyboard closer to the computer.
