Bluetooth Foldable Keyboard

Instruction Manual

SKBWFL19
Safety Warnings

- Read all the instructions carefully before using the unit and keep them for future reference.
- Retain the manual. If you pass the unit onto a third party, make sure to include this manual.

**Wireless Devices:**
- Before boarding any aircraft or packing a wireless device in luggage that will be checked in, remove the batteries from the wireless device.
- Wireless devices can transmit radio frequency (RF) energy, whenever batteries are installed and the wireless device is turned on (if it has an On/Off switch).

**Battery-Powered Devices:**
- Improper use of batteries may result in battery fluid leakage, overheating, or explosion.
- Released battery fluid is corrosive and may be toxic. It can cause skin and eye burns, and is harmful if swallowed.
- Do not disassemble the keyboard or remove any parts.
- Do not immerse the keyboard in water or any liquid.
- Do not use the keyboard close to heat sources or expose to high temperatures.
- Do not use the keyboard where strong electromagnetic waves are present. Strong electromagnetic waves will cause damage to the keyboard.
- Keep the keyboard away from direct sunlight, moisture, dirt or abrasive chemical products (cleaning products etc).
Thank you for purchasing your new product.

We recommend that you spend some time reading this instruction manual in order that you fully understand all the operational features it offers. You will also find some hints and tips to help you resolve any issues.

Read all the safety instructions carefully before use and keep this instruction manual for future reference.

Unpacking

Remove all items from the packaging. Retain the packaging. If you dispose of it please do so according to local regulations.

The following items are included:

- Main Unit
- USB Charging Cable
- Instruction Manual
Product Overview

1. USB Charging Socket
2. Connect Button
3. Status Indicator
Charging the Keyboard

When using the unit for the first time, charge it fully first.
1. Connect the USB charging cable to the keyboard.
2. Connect the other end of the USB charging cable to a powered USB device.

### Status Battery Indicator

**Low battery** The *Status* indicator will flash in blue.

**Charging** The *Status* indicator will light up green.

**Fully charged** The *Status* indicator light will extinguish.

### Switching On/Off

- The keyboard will automatically power down when it is idled for 10 minutes. To wake it up press any key.
- If the unit does not use for a long period, switch it off to conserve energy.
Pairing the Keyboard

You must have a Bluetooth-enabled device to work with this unit.
1. Switch the keyboard on.
2. Press and hold the Connect button to enter the pairing mode and the Status indicator will flash in blue.
3. Activate the Bluetooth feature on your Bluetooth device and start searching. Then select “SKBWLFL19”.
4. If necessary, enter the passcode to pair and connect the unit. Some device also ask to confirm the unit connection after paring.
5. The Status indicator light will extinguish after you have successfully paired the unit.

- The unit will exit pairing mode if no Bluetooth device is paired within 5 minutes.
- If the unit are already paired with a Bluetooth device before, it will automatically connect with the last paired device when both are in pairing mode.

Selecting Different Mode

To select a suitable keyboard type for your device, press the Fn + Q / W / E buttons to select Android / PC / iOS mode respectively.
Function Keys

Function keys are highlight in blue, to access them by pressing \textit{FN} or \textit{FN+SHIFT} followed by desired key together.

For example:

- $\text{FN} + \ W = \text{Switch to PC mode}$
- $\text{FN} + \text{↑Shift} = \text{€}$
- $\text{FN} + \text{Alt Gr} = \text{F4}$

Some function keys may not be available depending on operating system.
Hints and Tips

Keyboard not working:
1. Ensure your keyboard is using correct OS mode with your device.
2. Recharge the battery if the keyboard no longer reacts to input.
3. Ensure your Bluetooth-enabled device’s wireless function is active.
4. Ensure there are no other wireless devices in discovery mode.
5. Move the keyboard closer to the device.
6. Pair again the keyboard and the device.

Notes for battery disposal
The batteries used with this product contain chemicals that are harmful to the environment.
To preserve our environment, dispose of used batteries according to your local laws or regulations. Do not dispose of batteries with normal household waste. For more information, please contact the local authority or your retailer where you purchased the product.

The symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.
For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.
